Food Safety Training & Certification™

⚠ CAUTION! This training certificate is not the Food Manager Certification.

You have completed the Food Safety Manager Training. If you are required to get the Food Manager Certification and only purchased the Food Safety Manager Training, you can purchase the exam at statefoodsafety.com. If your area has a Demonstration of Knowledge requirement, check with your health department for any additional steps you need to take beyond completing this training.

Texas DSHS Accredited Exam Information

If you used this program as preparation for a Texas Manager exam, then we invite you to print the Learning Extra resources to use as study materials for your exam. If you purchased the training and exam bundle, you will find the exam in your StateFoodSafety.com dashboard. You will need to complete the exam in order to receive your Texas Certified Food Manager Certification. Good Luck!

This training certificate meets "Demonstration of Knowledge" requirements.

If your health department has a Demonstration of Knowledge requirement, it's likely that your workplace will be inspected by the health department at least once. Be sure to keep a copy of this certificate (above) on file to show the health inspector that you have received comprehensive food safety training and are prepared to effectively lead and train your staff in safe food handling procedures.
