

RC Form 256-4b AUTHORIZED USER TRAINING AND EXPERIENCE AND PRECEPTOR ATTESTATION For §289.256(ff), (hh), AND (bbb) USES *Hours of Training and Experience*

Name of Proposed Authorized User	License No.
----------------------------------	-------------

Requested Authorization(s) (*Check all that apply*)

§289.256(ff) Uptake, Dilution, and Excretion Studies

§289.256(hh) Imaging and Localization Studies

§289.256(bbb) Sealed Sources for Diagnosis (Specify device) _____

Part I – Training and Experience

Training and experience must have been obtained within the preceding 7 years or the individual must have obtained related continuing education and experience since the initial training and experience was completed. Provide dates, duration, and a description of continuing education and experience related to the uses checked under "Requested Authorizations."

Classroom and Laboratory Training

Description of Training	Location of Training	Clock Hours	Dates of Training
Radiation physics and instrumentation			
Radiation protection			
Mathematics pertaining to the use and measurement of radioactivity			
Chemistry of radioactive material for medical use (not required for §289.256(bbb))			
Radiation biology			

Total Hours of Training _____

Supervised Work Experience

(completion of this table is not required for §289.256(bbb))

Description of Experience	Location of Experience/ License Number of Facility	Clock Hours	Dates of Experience
Ordering, receiving and unpacking radioactive materials safely and performing the related radiation surveys			
Performing quality control procedures on instruments used to determine the activity of dosages and performing checks for proper operation of survey meters			
Calculating, measuring, and safely preparing patient or human research subject dosages			
Using administrative controls to prevent a medical event involving the use of unsealed radioactive material			
Using procedures to contain spilled radioactive material safely and using proper decontamination procedures			
Administering dosages of radioactive drugs to patients or human research subjects			
Eluting generator systems appropriate for the preparation of radioactive drugs for imaging and localization studies, measuring and testing the eluate for radionuclide purity, and processing the eluate with reagent kits to prepare labeled radioactive drugs <i>[not required for §289.256(ff)]</i>			
Supervising Individual (Print and sign)		License No. listing supervising individual	

For §289.256(bbb) Sealed Sources for Diagnosis ONLY, provide documentation of training on use of the device:

Device	Type of Training	Location and Dates

For Current §289.256(nn) Authorized User Seeking Additional §289.256(hh) Authorization ONLY:

Authorized User on Radioactive Material License _____ meeting the requirements of §289.256(nn) "Training for Use of Unsealed Radioactive Material that Requires a Written Directive"

Supervised Work Experience:

Description of Experience	Location of Experience/ License Number of Facility	Dates of Experience
Eluting generator systems appropriate for the preparation of radioactive drugs for imaging and localization studies, measuring and testing the eluate for radionuclide purity, and processing the eluate with reagent kits to prepare labeled radioactive drugs		

Supervising Individual (Print and sign)	License No. listing supervising individual
---	--

Part II – Preceptor Attestation and Signature

This part must be completed by the individual's preceptor. The preceptor does not have to be the supervising individual as long as the preceptor provides, directs, or verifies training and experience required. If more than one preceptor is necessary, obtain a separate preceptor statement from each [*This part is not required for §289.256(bbb)*]

For Uptake, Dilution, and Excretion Studies:

I attest that _____ has satisfactorily completed
Name of Proposed Authorized User

60 hours of training and experience, including a minimum of 8 hours of classroom and laboratory training, required by §289.256(gg)(3), and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under §289.256(ff).

Part II – Preceptor Attestation and Signature (continued)

For Imaging and Localization Studies:

I attest that _____ has satisfactorily completed
Name of Proposed Authorized User
the 700 hours of training and experience, including a minimum of 80 hours of classroom and laboratory training, required by §289.256(jj)(3) and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under §289.256(ff) and (hh).

For Current §289.256(nn) AU Seeking Additional §289.256(hh) Authorization:

I attest that _____ has satisfactorily
Name of Proposed Authorized User
completed supervised experience eluting generator systems, measuring and testing eluate for radionuclidic purity processing eluate with reagent kits to prepare labeled radioactive drugs and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under §289.256(ff) and (hh).

I meet the requirements as an Authorized User under:

- §289.256(gg) Training for Uptake, Dilution, and Excretion Studies
- §289.256(jj) Training for Imaging and Localization Studies
- §289.256(nn) Training for Use of Unsealed Radioactive Material that Requires a Written Directive plus generator experience

Preceptor Name (Print)	Signature	Phone Number
License No./Facility Name	Date	

PRIVACY NOTIFICATION: If you are applying as an individual, with few exceptions, you have the right to request and be informed about information that the State of Texas collects about you. You are entitled to receive and review the information upon request. You also have the right to ask the state agency to correct any information that is determined to be incorrect. See <http://www.dshs.texas.gov> for more information on Privacy Notification. (Reference: Government Code, Section 552.021, 552.023, 559.003 and 559.004.)
