

# Texas Hypertension Control Learning Collaborative Request for Applications

The Texas Department of State Health Services (DSHS) and the American Heart Association are inviting primary care clinics in Texas to participate in the Texas Hypertension Control Learning Collaborative (THCLC).

The THCLC project is aimed to help clinics improve hypertension control rates through the adoption and implementation of self-measured blood pressure (SMBP) monitoring policies and protocols.

## Project Activities

- Three webinars on evidence-based strategies for developing and implementing SMBP policies and protocols in primary care settings.
- Support in developing or enhancing SMBP policies and procedures through technical assistance and Target: BP™ resources.

## Award Information

- **Number of awards:** Up to 30
- **Award amount:** \$3,500

**Informational call:** July 22, 2021 at 2:00 pm CT  
To register, go to:

<https://global.gotomeeting.com/join/635393093>

- **Application deadline:** August 5, 2021
- **Award announcement:** August 13, 2021
- **Period of performance:** August 13, 2021 – October 31, 2021
