*This data is from the Annual Survey of Immunization Status, which was mailed to 1,182 public school districts and 948 accredited private schools in Texas to collect the immunization status of children and the number of conscientious exemption affidavit forms filed at the private school and public school district level. The total district conscientious exemption data from the annual report is only reported at the district level so it includes all students from kindergarten through 12th grade. Data is current as of 3/8/2019.

**The data is self reported and although the Annual Report of Immunization Status is mandated by law, not all schools participate each year. "NR"=No Report
