*This data is from the 2017-2018 Annual Survey of Immunization Status; it was mailed to 1,203 public school districts and 1,058 accredited private schools in Texas to collect the immunization status of children and the number of conscientious exemption affidavit forms filed at the private school and public school district level. The data is self reported and although the Annual Report of Immunization Status is mandated by law, not all schools participate each year. The total district conscientious exemption data from the annual report is only reported at the district level so it includes all students from kindergarten through 12th grade. The Texas Department of State Health Services Immunization Unit policy regarding reporting of conscientious exemption data at the School District Level, kindergarten through 12th grade, is to suppress data for school districts with enrollments less than 65.

**Conscientious exemptions may be to one or more vaccines.
